

HOSTYLE

BHULLS AT
OBJECT 22

Sculptural-functional furniture characterised by structural rigor and lightness of form make up the collection.

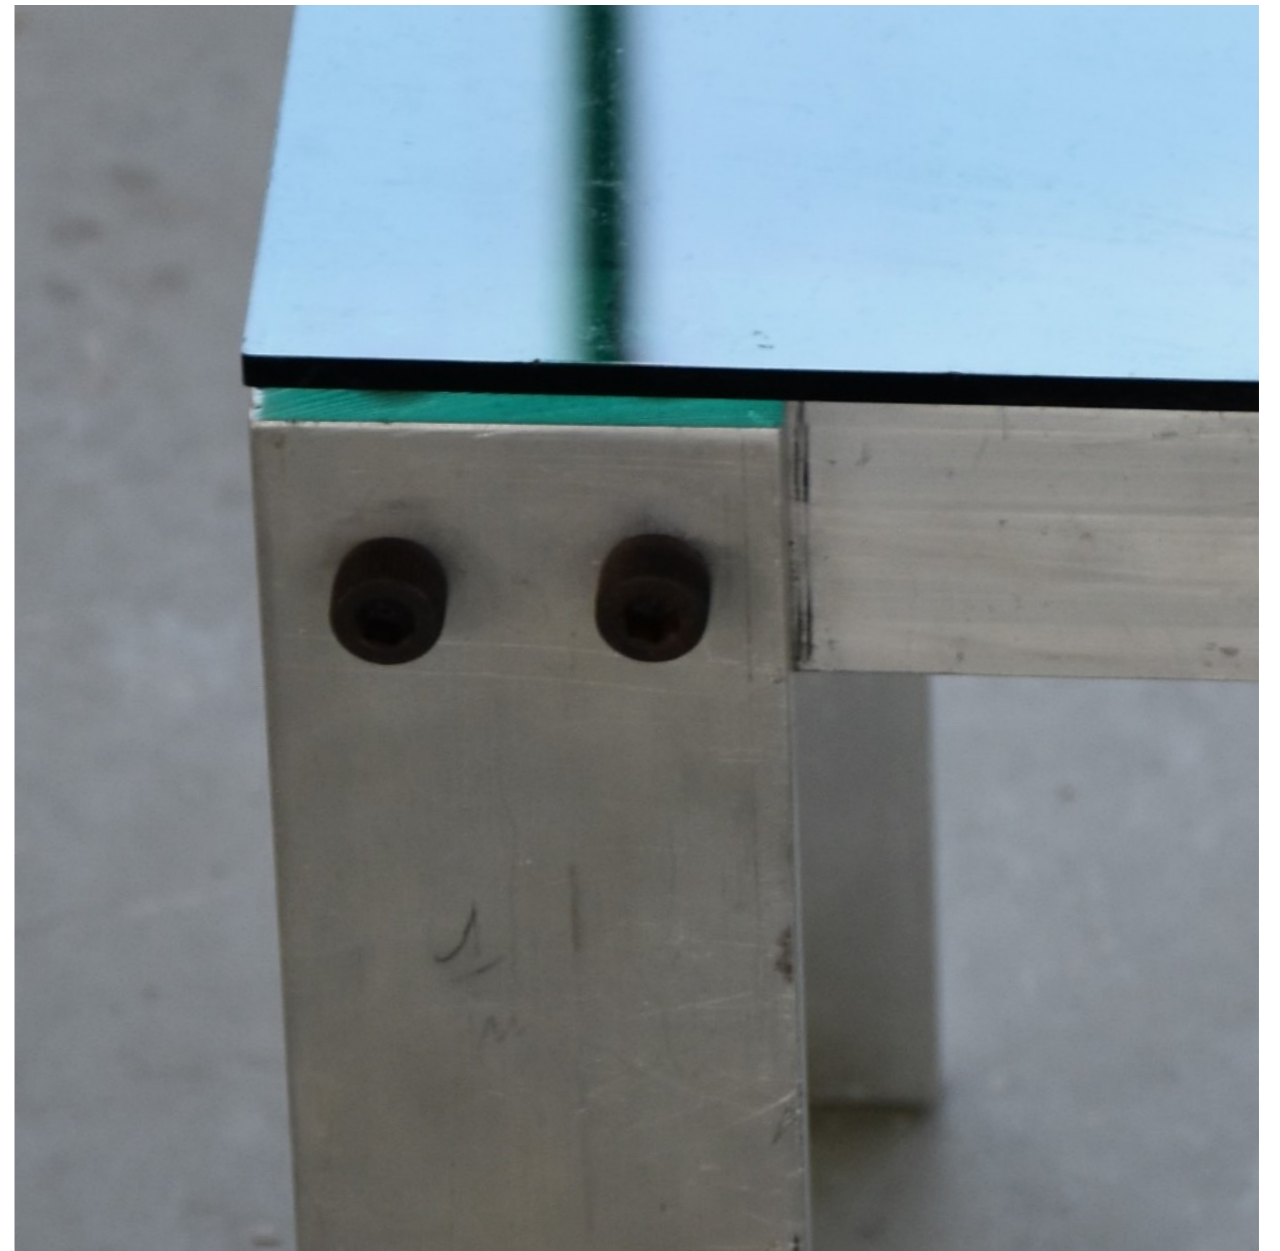

A cool mechanical aspect and a frank simplicity subject to the function defines them. A freely inspiration by the Modern Movement of the early XX century, catching the Haka building style.

Lightweight, sturdy, recyclable furniture, practical to carry around as the escape from the standardised way of living.

HOSTYLE floor lamp // HOSTYLE 2022
Raw aluminum and stainless steel

HOSTYLE low table // HOSTYLE 2022
raw aluminum and PMMA
